Message:

This is a summary of ICD-10 readiness efforts to date. To learn more about ICD-10, visit the ICD-10 [intranet](#) and [internet](#) pages. Technical assistance training for DHS/OHA staff will also be announced when it becomes available.

Staff are also welcome to attend the [September 10 webinar about ICD-10](#).

MMIS updates:

Oregon's Medicaid Management Information System (MMIS) production environment now includes both ICD 9 and ICD 10 codes. Based on dates of service,

- All ICD-9-CM and ICD-9-PCS codes have an end date of 9/30/2015.
- All ICD-10-CM and ICD-10-PCS codes have a start date of 10/1/2015.

Staff should not make any changes in MMIS that would affect the start or end dates of these code sets.

Provider resources:

You can find recent external communications about ICD-10 on the [OHP Announcements page](#). These include:

- [Updated provider forms and resources](#) (issued 9/1/2015) – This announcement lists all the updated forms, guides and Provider Web Portal resources; informs providers about the [October 1, 2015 Prioritized List](#) (now in ICD-10); and invites

providers to attend a [September 10 webinar about ICD-10](#).

- [EDI Bulletin](#), inviting organizations that submit electronic data interchange (EDI) claims, to test their EDI professional and institutional claims with MAP.
- [OHP and ICD-10 readiness](#), which provides a summary of readiness efforts to date and explains that only ICD-10 codes will be accepted for dates of service or discharge on and after 10/1/2015.
- *Provider Matters*, which has included monthly CMS updates about ICD-10 since 2013. The [August 2015 issue](#) includes a reminder to test EDI claims for ICD-10.
