

Oregon Health Plan Prioritized List Changes MRI for Breast Cancer Diagnosis

The Health Evidence Review Commission approved the following changes to the Prioritized List of Health Services on May 9, 2012 based on the approved coverage guidance, “MRI for Breast Cancer Diagnosis.” The changes will take effect for the Oregon Health Plan on October 1, 2012.

New guideline note:

DIAGNOSTIC GUIDELINE: MRI FOR BREAST CANCER DIAGNOSIS

In women with recently diagnosed breast cancer, preoperative or contralateral MRI of the breast is not a covered service.
