MANAGEMENT AGENT PACKET

INTRODUCTION

This Management Agent Packet (“Packet”) applies to requests to the State of Oregon acting by and through its Housing and Community Services Department (“OHCS”) regarding management of Properties with OHCS funding sources. This Packet is applicable for the initial approval processing during development and any subsequent proposed changes in management or ownership of the Property.

OVERVIEW

OHCS allocates grants, tax credits, and issues tax-exempt and general obligation bonds to provide long-term financing for the development of affordable housing in Oregon. Various loan programs provide below-market interest rate permanent mortgage loans through the sale of tax-exempt bonds which are governed by both state and federal requirements. These programs are designed to provide affordable housing for moderate, low and very low income Oregonians.

The quality of the Properties and the lives of low-income Oregonians that live in them are enhanced by OHCS’ funding and mandated monitoring policies and practices. OHCS staff works to ensure Properties funded are maintained in decent, safe and sanitary condition and that ongoing program compliance is in place to provide the right housing to the right residents. Part of this requirement is to review and approve the proposed Management Agents for each Property at initial lease-up and for any change of management.

A property can have one of two types of management in place as follows:

Owner-Managed: The owner of the real property (usually the entity that receives the funding) is also the management agent for the Property.

Agent-Managed: The owner of the real property hires a third-party Management Agent to perform the required management responsibilities for the Property.

Whether Owner-Managed or Agent-Managed (both hereafter referred to as the “Agent”), the Agent must meet all the criteria established by OHCS including: compliance with Oregon State licensing laws, acceptable experience managing properties with the applicable funding requirements in place, acceptable compliance status with other properties in the portfolio currently funded by OHCS, and proposed management’s capacity to manage additional properties whether funded by OHCS or not.

Prior Written Approval is Required –

An Owner who has received **ANY** funding from OHCS shall not implement or change management of the property without prior written approval from OHCS.

MANAGEMENT

New Property – Establishing Management Agent

When a new construction or acquisition/rehab Property is going through development, the OHCS Loan Officer will obtain a completed Management Agent Packet (“Packet”) from the Owner/Agent and provide it to the Compliance Officer (“CO”) for review and approval. Once review is complete, a written response will be sent to Owner/Agent.

Request for Change of Management Agent

Owner/Agent must contact OHCS to request to make a change of Agent in advance of the change. The Owner then completes a new Packet with the proposed new Agent. Once the completed Packet is received by the CO at OHCS, they will review it for completion and approval.

OHCS PROGRAMS

Owners and Agents are required to complete **all sections** of the Packet for **all OHCS funding sources**. Some funding sources require the completion and submission of additional documents prior to approval.

Programs with Additional documents required:

<u>Elderly/Disabled Loans:</u>	Completed OHCS Regulatory Agreement as to Project Management (“OHCS Management Agreement” or “Agreement”)
<u>Risk Sharing Program:</u>	Completed OHCS Regulatory Agreement as to Project Management Approved HUD 2530 (Previous Participation Certification – approved by HUD) Approved HUD 9352a (Affirmative Fair Housing Marketing Plan – AFHMP – approved by OHCS)
<u>HOME Program:</u>	Approved HUD 9352a (Affirmative Fair Housing Marketing Plan – AFMP – approved by OHCS)
<u>Operating Agreement:</u>	Completed OHCS Regulatory Agreement as to Project Management

MANAGEMENT AGENT PACKET SECTIONS

Packet Sections:

- Property Details and Contact Information
- Management Agent Qualifications
- Authorization(s) for Release of Information
- Resident Services Plan
- Management Plan
- All required supporting documentation, attachments and additional pages for completing answers throughout
- Owner-Management Certification

OHCS REVIEW AND APPROVAL PROCESS

Property is assigned to a Compliance Officer (“CO”) who will verify the Packet is complete.

Items reviewed include (and are not limited to):

- Packet is fully completed including –All Sections noted above & all required additional pages and attachments.
- Property specific details are accurate (number of units, set-aside, funding sources, etc.)
- Agent has required licenses to manage properties in Oregon
- All required signatures have been obtained.
- All new entity names and contact information has been provided.
- Management Agreement between Owner and Agent is complete and signed by both parties and copy provided to CO.
- OHCS Management Agreement & HUD 2530 Approval – (OHCS Loan properties: Risk Share, Elderly/Disabled and Operating Agreements). This process will be completed by the Asset Management Unit Staff.
- HUD 2530 Approval – Risk Share and Section 8.

Resident Services Plan (RSP)-

The CO will review the Packet to ensure the Resident Services Plan (RSP) portion has been included and fully completed.

The CO will:

- Compare the RSP to the original application and/or Housing Development Grant Program (“HDGP” or “Trust Fund”) agreement or other documents to make sure that the services provided are comparable to what was proposed at development.
- Determine if the RSP is different than what was originally approved by OHCS. Services should be comparable to what was originally approved.
- Determine if the Owner has identified that needs of residents have possibly changed over time. If so, the Owner/Agent should conduct a survey to evaluate the current needs of the resident population and develop an RSP to meet the resident’s needs. The revised RSP should be comparable to what was originally offered.
- Determine if the Owner did not complete an RSP during the NOFA process or an application for CFC (older properties) and there is nothing to compare the proposed plan with. The CO should evaluate and consider a plan that appears to meet the needs of the targeted resident population and is similar to other properties in the area with the same type of resident population.

Property Management License –

All Property Management Agents must have an Oregon Property Management License. If the proposed Agent indicates that they do not have the required licensing, they will not be approved until they have obtained a valid license. For an Agent to be exempt from ORS 696.030 licensing, they need to be a regular, full-time employee of the ownership entity performing the business of renting and managing the Property. Employees of a related entity to the Owner are expected to meet licensing requirements.

Required licensing can be checked online at Oregon Real Estate Agency – License look-up link:

<https://orea.elicense.irondata.com/Lookup/LicenseLookup.aspx>

Regulatory Agreement as to Project Management (“OHCS Management Agreement” or “Agreement”)

Property with OHCS Bond Loan or Operating Agreement

When a property has a Risk Sharing (RS) Loan, Elderly Disabled Bond (ED) Loan or Operating Agreement with OHCS, the Owner and Agent are required to complete an Agreement. If the proposed Agent is approved, OHCS will prepare the Agreement for completion and signature by the Owner and Agent. OHCS will also work with the Owner/Agent regarding the management fee associated with the Agreement (approved fee included in the Agreement).

Management Fee Effective Date

The approved management fee will be effective no earlier than the effective date of any new Agreement. Management Fees will not be approved retroactively, unless OHCS determines that a retroactive approval would serve the public interest.

The Owner, Agent and OHCS must execute at least one original of the conformed Agreement with OHCS retaining the original for the file.

Management Agent Approval

Once the review process is finalized and all documentation has been satisfactorily completed, the CO will provide a written response letter to the Owner and Agent. A copy of the letter will be maintained on file with the Packet.

Standard Approval

When an Agent is currently in good standing with OHCS and is proposed as new management for an existing property, approval could be completed without conditions. However, any special circumstances or needs of the Property must be considered by the CO.

Conditional Approval

Many times there will be the need for OHCS to approve management contingent on special conditions. There are several different instances that will require a conditional approval. Conditions of approval are, but not limited to the following:

- Successful Transfer of Ownership

- Approval of HUD 2530
- Approval of Rural Development
- LIHTC Training Certification must be obtained by (specific staff member) in 6 mos. (or specific time frame).
- HOME training must be attended
- Management Agreement must be signed (for RS and ED Bonds)
- Successful OHCS Annual Review
- Two successful OHCS Reviews
- UPCS Training must be attended
- Consultant must be hired
- Tenant file forms and/or lease documents must be changed or added

Web Compliance Management System (“WCMS”)

WCMS is a tenant data reporting system required by OHCS. All Owners/Agents are required to submit all tenant data to OHCS on a regular basis (quarterly required). Therefore, Owners/Agents of all new properties funded through OHCS must contact the OHCS WCMS Administrator to register in the system and obtain guidance for use. All Owners/Agents that have started managing an existing Property that is new to their portfolio must prepare to submit tenant data for the property to OHCS via WCMS. Anytime an Owner or Agent is no longer associated with a Property, direct notification must be provided to OHCS for termination of access to that Property’s information in the system.

RESIDENT SERVICES PLAN

Date: _____ Property: _____

Existing Property New Construction

Owner: _____

Agent: _____

Identify:

Initial Resident Services Plan

Updated Residents Services Plan

If this is an updated plan, provide the date plan was first written & approved: _____

Include a complete copy of the initial or previously approved plan.

OVERVIEW

OHCS has long recognized resident services as an integral part of the ongoing success of affordable housing developments. Not only are appropriate services important and empowering to residents, they also bring benefit to property management, to the Owner and to the local community as well.

An effective Resident Services Plan (“RSP” or “Plan”) adds to a Property’s marketability and can be advertised as an added amenity. Service coordination establishes important links with service providers, which can result in positive community exposure. A RSP can improve cash flow by reducing evictions, unit turnover and the resulting vacancy loss. An effective Plan includes a provision for crisis prevention resulting in savings in physical damage to units, unpaid rent and lease violations.

Plan Updates:

All RSPs should be reviewed and updated at least once every 5 years or more often as needed. Any change to an RSP must be approved in writing by the OHCS Compliance Officer (“CO”) for the Property. The proposed change(s) must demonstrate that the changes (s) are comparable to what was originally promised for the property and the change (s) would meet the needs of the current resident population.

ANTICIPATED OUTCOMES AND GENERAL GUIDELINES

Through coordination, collaboration and community linkages, residents will be provided the opportunity to access appropriate services which promote self-sufficiency, maintain independent living and support them in making positive life choices. An effective plan will also help to maintain the fiscal and physical viability of the Property by incorporating into the ongoing management the appropriate services to address resident issues as they arise.

- General low-income population support and services may include improving residents’ ability to maintain their lease obligations, enhance quality of life through programs for employment, education, income/asset building, child and youth development, community building and improving access to services.
- Elderly support and services could include improving residents’ ability to uphold their lease throughout the aging process through better access to health and other services enhances quality of life through community building, socialization and other programs.

- Support and services for special needs populations should focus on the strengths and needs of the target population to provide for daily support along with assistance in being a part of the larger community.

DIRECTIONS FOR COMPLETING AND UPDATING THE PLAN

Step One -

Target Population and Service Needs Assessment:

Conduct research and collect data to establish the needs of the current resident population. Do not assume the Property can meet all the service needs of the resident population or what those service needs are without thorough investigation. Contact appropriate community resources such as social service providers, civic organizations, health care providers and local government agencies. Inquiries about possible service needs of the resident population should be made at neighborhood schools, community centers, churches and libraries. For Plan updates, thorough resident surveys should be conducted on-site. Further, it is beneficial to design an assessment instrument to be utilized during resident leasing. Such an instrument can verify the accuracy of service needs projected prior to occupancy and is a helpful evaluation tool as service needs change from time to time and are required to be updated.

In smaller communities and neighborhoods it is sometimes possible to extrapolate the needs of the resident population of the housing development based upon identified needs of the local community as a whole. Review demographic information as part of this approach.

Step Two –

Identification and Coordination of Services:

The scope of the Plan should be based upon the identified needs of the resident population. Include only services that can be realistically delivered and address the most pressing needs of the residents. An effective Plan may include a long list of services or just one (1) or two (2) services that are fully developed, easily accessible and address the critical needs of the resident population.

Conduct research and collect data about existing services available to residents at the Property. The services must be specific to the Property and must meet the needs and characteristics of the resident population. Plans must identify local community resources, determine specific eligibility requirements and establish the availability of the services to the residents. Success of the Plan relies on the Owner establishing strong community linkages and recognizing this outreach as an opportunity to market the Property to community providers who serve the resident population and to establish roles and relationships in coordination of services for the Property. Obtain or renew firm letters of intent or memorandums of understanding from potential service partners/providers. This will add to the success of the Plan and services.

Step Three –

Implementation:

Describe how and where services will be provided and identify who will be responsible for service delivery. Owners may arrange to offer services on-site in a community room or in the resident's unit for individuals who require in-home services. Owners may also establish a direct referral system where residents can access available services outside the development or off-site. An efficient information and referral system should be more than a display of brochures and flyers or a community directory. It should provide assistance with building relationships among residents and between residents and their larger community. An effective Plan is goal-oriented with clear and measurable outcomes as defined under "Anticipated Results". Whether the implementation of the Plan is through a service provider or is incorporated as the responsibility of the Agent, the Plan should include the service provider's duties, their qualifications and experience. These will help guarantee that the anticipated results will be achieved. Include a description of the resources available or planned, the process for ongoing implementation of the plan and the coordination and delivery of services.

Step Four –

Evaluation and Coordination with Management:

Develop a process and discuss how the services will be evaluated for effectiveness on an on-going basis. Evaluating the Plan will ensure that as the resident population and their needs changes, the Plan will be adapted to meet those needs. Include in the process how service delivery will be coordinated with the Agent and on-site personnel. Coordination of

services with the Agent must include a deliberate and specific plan/process such as weekly meetings, a system for sharing information through reports and utilization of a formal referral system.

Compliance –

Many funding sources provided through OHCS have social service requirements that are specified in grant and/or regulatory agreements for the Property with the actual Resident Services Plan (“RSP” or “Plan”) attached and recorded with the agreements. In other instances, Owners have promised as part of their application for funding from OHCS to provide resident services at the Property. In either case, the Plan is required.

The OHCS Asset Management and Compliance Section (“AMC”) is required to review, approve and monitor all Resident Service Plans and requirements. This process will include ensuring that the Owner has established the required Plan and it has been approved by OHCS, follow-up to determine that the Owner and Agent are following the plan as written and that the Plan is evaluated and updated regularly as required for the Property. Specific records must be maintained to support the Owner’s efforts to implement, follow, evaluate and update the Plan as required.

RESIDENT SERVICES PLAN CERTIFICATION

The undersigned hereby certifies they have read the above information and understand the Resident Services Plan requirements for this Property. A Resident Services Plan must be fully completed as outlined below, attached to this document and submitted to OHCS for approval.

Name of Agent Authorized Signor

Title

Signature of Agent Authorized Signor (with signature authority)

Date

COMPLETE THE RESIDENT SERVICES PLAN

Complete Resident Services Plan. Provide complete and detailed answers to all of the following on additional sheets of paper and attach them to this document.

Target Population and Service Needs Assessment-

1. Describe the target population at this Property and the services needs of the current or prospective residents.
2. Include the methods used to determine the needs of the current residents.
3. Provide details of the community contacts made and the assessment instrument (s) utilized.

Identification and Coordination of Services –

1. Describe how available services in the community were identified and the efforts involved to coordinate and collaborate on the design of this Plan.
2. Specify any existing or proposed contractual agreements that will be in place with local service providers for this Property.
3. Attach copies of Letters of Intent or Memorandums of Understandings entered into for services at this Property.

Implementation –

1. Describe your plan to meet the needs of the residents. Include who is responsible for implementation of this Plan and how the services will be delivered; if services will be offered on-site, off-site on a referral basis or both.
2. Include the goals established for the Plan and identified outcomes for each.
3. Provide an outline of the service provider’s duties, qualifications and experience. Include Owner’s oversight process with management and contracted service provider to ensure this Plan is implemented to achieve the Owner’s goals.

Evaluation and Coordination with Management -

1. Describe how the Resident Services Plan will be evaluated.
2. Include a schedule of when the service outcomes will be measured for value and effectiveness.
3. If the results of the Plan are not as anticipated, describe the corrective actions that will be taken.
4. Provide a detailed outline of the Plan to ensure ongoing coordination of the Plan with the appropriate property staff, Agent staff and service provider (s). Include information on ensuring the correct staff persons are hired and trained to maintain the approved Plan as written and continue the evaluation processes over time.

Compliance -

1. Describe the methods that will be used to record the Plan in use and which supports the Owner's efforts to implement, follow, evaluate and update the Plan as required.

MANAGEMENT PLAN

Many items will require written explanations. Provide responses *on separate sheets of paper* and attach to this document.

Date: _____

PROPERTY

Property Name: _____

Address: _____

Owner: _____

Management Agent: _____

ROLE AND RESPONSIBILITY OF MANAGEMENT AGENT

Describe the supervisory relationships between property Owner, Agent, and property management staff –
Include a copy of the current organizational chart for the Agent.

The management fee and any amendments must be approved by OHCS and may not exceed the customary fee for similar properties. If the fee includes multiple items, provide the details (i.e. 5% of gross receipts plus all other additional fees proposed).

The proposed management fee is: _____

Management Agreement –

Attach a copy of the current Management Agreement between Owner and Agent.

***NOTE:** For Risk Sharing, Elderly/Disabled Bond & Operating Agreement programs, OHCS' Regulatory Agreement as to Project Management will be the controlling document for management purposes.*

PERSONNEL POLICY AND PROPERTY STAFFING

Outline the minimum qualifications required of personnel to be hired by the Agent –
Describe the training programs established for management personnel regarding affordable housing programs –
Include specific types of trainings and ongoing frequency of each. Indicate property staff and the certifications held by each.

Property Staffing Details:

	# Units Provided	# Full Time	# Part Time	Wage Rate or Salary	
				Full Time	Part Time
Site Manager					
Assistant Site Manager					
Maintenance Supervisor					
Maintenance Personnel					
Other:					
Other:					

Describe Agent's method for ongoing 24 hour/7 days per week on-site property management –

Is site staff required to live on-site? Yes No

If "Yes" provide staff unit description: Unit #, type (# bedrooms), square feet

Number of exempt common area residential units per the Regulatory Agreements # _____ Size(s) _____

Describe plan for maintaining program (s) compliance for the Property and include personnel responsible.

MARKETING PLAN

Property marketing is required. Multiple types and locations of marketing is a must and are needed in order to reach varied potential residents. Therefore, it is not acceptable to market only on the internet.

Property Marketing Details:

Type	Name	Date Placed	Duration of Advertisement	Audience/Locations Reached
Newspaper (s)				
Rental Publication (s)				
Social Service Agency				
Housing Authority				
Senior Center (s)				
Internet-Website (s)				
Other:				

Attach a copy of the current marketing plan for this Property.

HOME & Risk Share Programs -

Properties funded through the HOME and Risk Share Programs must follow the required Affirmative Marketing Procedures.

Attach a copy of the current/updated Affirmative Fair Housing Marketing Plan (AFHMP) (HUD Form-9352a) for this Property.

RESIDENT PROCEDURES

The Owner/Agent is responsible for establishing tenant selection procedures. These procedures describe the methods and procedures for taking applications and screening tenants at the property.

Tenant selection procedures must:

- Be consistent with the purpose of providing housing for low-income and very low-income families;
- Be reasonably related to Program eligibility and the tenant’s ability to perform the obligations of the lease;
- Provide for the selection of tenants based on a written waiting list in the chronological order of application, to the extent practicable; and
- State that the Owner or Agent will give prompt written notice to any rejected applicant, with an explanation of the grounds for rejection.

FOR HOME:

- Include a plan to re-designate HOME assistance when a household residing in a HOME unit has annual income that has increased and goes over 80% AMI.

Outline the applicant/resident screening procedure for this property –

Include the personnel responsible for this task.

Attach a copy of the current Resident Selection Plan/Screening Policy -

Provide a copy of the current lease documents in use at this property and include description of the late rent policy for residents.

Outline methods for compliance with the Fair Housing Act in relation to resident screening –

Outline procedure for handling resident grievances or concerns –

Attach a copy of procedures and include copies of the current House Rules and Guest Policy.

Outline the resident eviction procedure for the property -

Deposit and Fee Details:

Type	Amount	Amount Refundable
Application/Screening Fee		
Reservation Deposit/Fee		
Security Deposit		
Cleaning Deposit		
Cleaning/Maintenance/Repair Fees		
Pet Deposit*		
Other:		
Other:		

*Pet Rent is not allowed in the State of Oregon.

Complete the Resident Services Plan section of this packet.

FINANCIAL AND ACCOUNTING PROCEDURES

Describe the financial and accounting procedures and records management that are in place for this property. Be sure to include rent collection procedure, accounting methods and purchasing policies –

Include financial reporting requirements regarding budgets, income/expense reports and audited financial reports.

PROPERTY MAINTENANCE PROGRAM

Agent’s maximum expenditure allowed without Owner approval: \$ _____

Does Agent have a written preventative maintenance plan and keep records to support the plan is followed?

Yes NO

Attach a copy of the plan. Include description of documentation kept to support the plan.

Describe procedure required of residents to report maintenance issues/needs to management -

Include management’s process for handling reported maintenance requests and work orders.

Describe the unit maintenance and turnover procedures for the property –

Include the following:

- Average length of time to prepare unit for occupancy
- Move-out inspection and turn-over procedures
- Management of substantial rehabilitation work required at unit turnover
- How major repairs are scheduled and completed
- Written policy/procedure/schedule for unit/property inspections
- Record of maintenance inspections kept
- Schedule for exterior painting
- Current equipment certifications (i.e. elevators, fire systems, fire extinguishers, boilers etc.)

Lead-Based Paint -

Was this property built before 1978? **Yes** **No**

If yes, are annual lead-based paint evaluations being completed? **Yes** **No** - If no, provide explanation

Are Lead-Based paint disclosures or pamphlets being provided to households? **Yes** **No** If no, provide explanation

Infestations -

Describe policy/procedure for handling any property/unit infestations of insects (roaches, bed bugs etc) and/or other vermin. Include information on any past experience (s) with bed bug mitigation management.

Security Measures -

Is the property located in a high crime area? **Yes** **No**

Describe the assessment of security at this property and measures in place or that will need to be added in order to ensure the safety and well-being of the property and the residents -

AFFORDABLE HOUSING PROGRAMS MANAGEMENT

Understanding the Regulatory Agreements –

Owner has provided Agent copies of all Funding Regulatory Agreements etc – **Yes** **No** - If no, provide explanation

Administrative Notebook – Is maintained – Yes No - if no, provide explanation

Required documents to be maintained in the notebook include:

- Regulatory Agreements/Restrictive documents
- Documentation reflecting current utility allowances and source
- Current Income and Rent limits
