Meeting goal: The subcommittee will discuss outreach strategies, outcome measures, and allocation formulas. The goal of the meeting will be to come to consensus on whether the committee will recommend an allocation formula, and to give OHCS staff guidance for development of that formula, for review by the subcommittee.

Agenda

- 1) Welcome, introductions & agenda review (15 minutes)
- 2) Respond to advance questions (go-around) (30 minutes)
Given Governor Brown's emphasis on communities of color and rural Oregon, please come prepared to offer advice to OHCS leadership about outreach and engagement. What innovative and creative strategies could we use to bring culturally specific organizations into partnerships with housing developers in new ways? Can we rethink traditional approaches to funding processes that would encourage participation of more culturally specific organizations in partnership with housing developers? How can we incentivize development in small towns? What new kinds of partnerships, innovation, or collaboration would you like to see as a result of LIFT?
- 3) Need, distribution of resources, and allocation formulas (20 minutes)
