

Low Income Weatherization Program

<p>Program Overview</p>	<p>The Low Income Weatherization Program (LIWP) is funded as a result of Legislative action in the 1999-2001 Session. Funds can be used to increase the efficiency of heating and other uses of energy in multifamily housing through the installation of energy-efficient insulation, windows, appliances, light fixtures and other energy-reducing activities. Applications for the LIWP are accepted during the agency’s Notice of Funding Availability (NOFA) application process.</p>
<p>Eligibility Requirements</p>	<p>A construction or rehabilitation activity must demonstrate measurable cost-effective energy conservation to be considered eligible for the LIWP funding. As a whole, projects awarded LIWP funds during the NOFA must show first year savings equal to or greater than one kilowatt-hour saved for each program dollar spent. The NOFA application provides a process to guide the applicant through their determination of eligible activities and projected kilowatt savings.</p> <ul style="list-style-type: none"> • Funds are awarded as a grant. Grants in excess of \$100,000 may be awarded on: <ul style="list-style-type: none"> ○ an as-needed basis and when kilowatt savings are demonstrated, ○ if adequate resources are available, and ○ State Housing Council approval. • The project receiving a LIWP grant must remain affordable for at least 10 years. The sponsor must agree to enter into a Financial Assistance Agreement with the department and to record against the project’s property a Declaration of Restrictive Covenants and Equitable Servitude. • Eligible projects must be located in a Portland General Electric (PGE) or Pacific Power service area. • Only projects using electric heating sources are eligible for shell measures such as insulation, high efficiency, electrical heating systems, windows and other weatherization measures. Regardless of heating source, upgrades of base load activities such as refrigerators, water heaters, washers and lighting in common areas are eligible uses of the funding source. • At least one-half of the units in the project must be rented to households whose income is at or below 60 percent of the HUD-defined area median income. • Eligible applicants include for-profit businesses, private individuals, local government entities and nonprofit corporations and organizations including, but not limited to, cities, counties, and housing authorities.
