

COMPENSATION FOR RETAIL SALES AGENTS

Actual compensation for an agent is based on a commission approved compensation formula. Depending on the type of store (exclusive or non-exclusive), the agent will receive a fixed base allowance plus a variable sales commission.

The OLCC may adjust the variable sales commission in order to be sure that it only disburses an average of 8.93% of liquor sales by the end of the biennium as requested by the legislature. The current adjusted variable rate is 8.15% for consumer sales and 6.36% for licensee sales.
