

**ATV Hands-On Course Results** The purpose of this form is to notify Oregon Parks & Recreation Department of riders who have successfully completed an OPRD approved hands-on course. To assure riders get their endorsements, you must enter the rider's 11-digit card number from either their ATV Safety Education card or Certificate of Completion from Oregon's on-line Safety Course. Riders who have not completed the OPRD on-line Safety Course will not receive an endorsed ATV Safety Education Card until they do so and notify OPRD.
