Although not required, a cover letter is a good idea and offers the surveyor an opportunity to describe the survey work

Attn: Sarah Jalving

Be sure to include the SHPO case number in all correspondence

Subject: Section 106 RLS Submittal *SHPO CASE #08-0559*
US 197: Burnham Avenue – 3rd Avenue
Maupin, Wasco County
ODOT Key No. 15459
Federal-Aid Number S004(111)

Mr. Roper,

Included with this letter are the results of ODOT's Section 106 Reconnaissance Level Survey for the US 197: Burnham – 3rd Project, located along US 197 (locally designated as Deschutes Avenue) in downtown Maupin, Wasco County. The survey recorded a total of 38 properties within the project's Area of Potential Effect, 12 of which appear to retain sufficient integrity to be considered eligible for listing on the National Register of Historic Places. The remaining resources lack either the integrity or age necessary for listing. Due to the lack of cohesion, it does not appear that there is a potential historic district in this area.

The proposed project will reconstruct US 197 between Burnham Avenue and 3rd Avenue, will replace the existing sidewalks, and will install curb extensions at intersections to both calm traffic and reduce the crossing length for pedestrians. The project will be contained within the existing right of way, although temporary easements may be required for the construction of the sidewalks.

The proposed project will not alter the features or characteristics of any of the identified properties that make them eligible for the National Register. An application of the Criteria of Adverse Effect indicates a Finding of No Adverse Effect for this undertaking on historic properties.

Your prompt attention to this coordination request is appreciated. If you have any questions, please contact me at (503)986-3514 or Michelle Eraut with FHWA at (503)587-4716.

Sincerely,

James B. Norman
Environmental Planning Unit Manager

If the grouping fields are correctly completed in the Oregon Historic Sites Database, the information on this document will generate automatically from the database

Cover Sheet

for
"Section 106" Reconnaissance Level Surveys

Submit this Cover Sheet to the Oregon SHPO along with all survey materials (see checklist below).

Survey Project Name: Survey Start Date:
 City: County: Survey End Date:
 SurveyType: Year Completed:
 Survey Sponsor: Date Submitted to SHPO:
 Surveyor Name:

Elig. properties: # Ineligible properties: Acreage Surveyed: (approx)

Survey Boundaries: Tax lots directly adjacent to US 197 (locally designated as Deschutes Avenue) between the intersections of Burnham Avenue to the west and 3rd Avenue to the east.

Survey Summary/Comments: While there are a few properties in the project area that may contribute to a historic district, it does not appear that there is a cohesive district within the APE for this project.

106 Case #: Eligibility Evaluation: Effect Determination:

106 Comments: Project will replace and upgrade existing sidewalks in the area along Deschutes Avenue from Burnham - 3rd within the existing right of way. The sidewalks do not date from the historic period, and do not contribute to the historic significance of any building. This slight change in setting will not affect any of the features or characteristics of the buildings that make them eligible for listing on the National Register.

SHPO case number

Use these fields to indicate eligibility evaluations, effects, and to comment on the project

Be sure to include all of the documents listed in the checklist

To Be Completed by SHPO Staff

SHPO Evaluation of Survey Project

- Approved
- Conditionally Approved
- Returned for Corrections

SHPO Comment on NR Eligibility Evaluations

- Concur
- Do Not Concur
- Returned for Additional Data

SHPO Comment on Effect Determinations

- Concur
- Do Not Concur
- Returned for Additional Data

Checklist of Required Items:

1. Completed "Cover Sheet" (in data base and hard-copy)
2. 106 Case # Obtained from SHPO and included on form
3. Survey data submitted in electronic format
4. Properly labeled photos (digital photos incl. with data)
5. Properly marked survey map
6. Copy of USGS Map Showing Location of Surveyed Area

Optional Items

- Research Design Completed Prior to Survey
- Completed Survey Forms (Field Forms)
- Final Report

 SHPO Staff Signature

Date

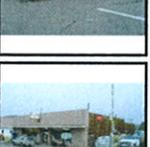

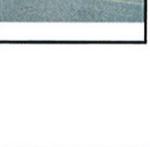

SHPO Evaluation - Surveyors will receive a copy of this document with a staff signature after the review is complete

Total Resources Identified: 38

Eligible: 12

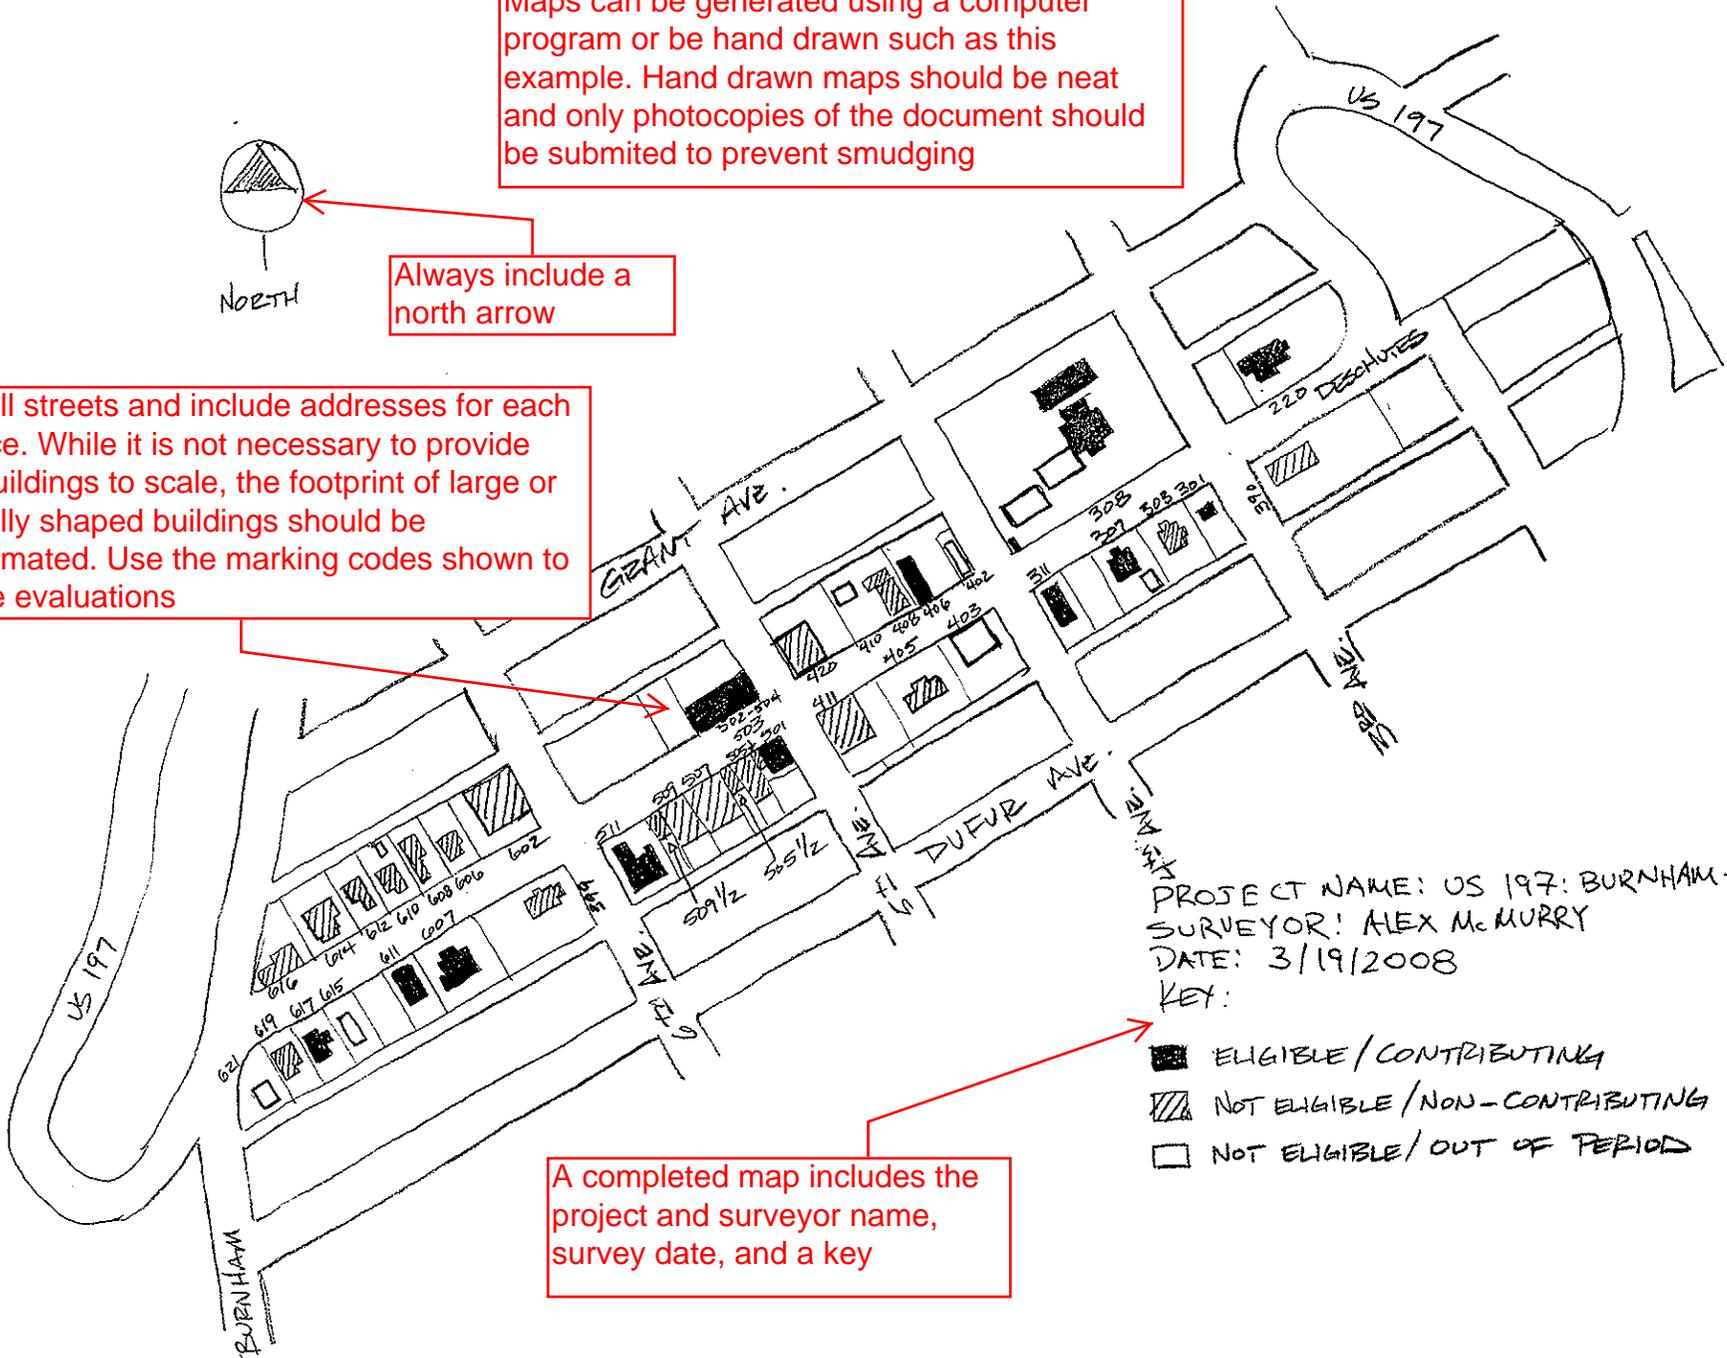

Not Eligible: 26

Maps can be generated using a computer program or be hand drawn such as this example. Hand drawn maps should be neat and only photocopies of the document should be submitted to prevent smudging

Always include a north arrow

Label all streets and include addresses for each resource. While it is not necessary to provide draw buildings to scale, the footprint of large or unusually shaped buildings should be approximated. Use the marking codes shown to indicate evaluations
