Contractor shall deliver the Services under this Contract during the period commencing on August 1, 2014 and ending on July 31, 2016 (the "Service Period"), subject to extension of the Service Period as provided herein or early termination of this Contract. Unless terminated earlier as provided herein, this Contract shall terminate on the last day of the Service Period. DAS PS may, by written notice to Contractor provided no later than June 30, 2016, extend the Service Period for two years (through July 31, 2018). 7. CONFIDENTIALITY

- 7.1 **Confidential Information.** Contractor acknowledges that it and its employees or agents may, in the course of performing their responsibilities, be exposed to or acquire information that is confidential to Agency. Any and all information of any form obtained by Contractor or its employees or agents in the performance of this Contract is confidential information of Agency ("Confidential Information"). Any reports or other documents or items (including

software) which result from the use of Confidential Information will be treated as Confidential Information. Confidential Information does not include information that (a) is or becomes (other than through disclosure by Contractor) publicly known or is contained in a publicly available document, (b) is furnished by Agency to others without restrictions similar to those imposed by this Contract, (c) is rightfully in Contractor's possession without the obligation of nondisclosure prior to the time of its disclosure under this Contract, or (d) is independently developed by employees or agents of Contractor who can be shown to have had no access to the Confidential Information.

7.2 Use and Disclosure. Contractor shall hold Confidential Information in strict confidence, using at least the same degree of care that Contractor uses in maintaining the confidentiality of its own confidential information. Contractor shall not copy, reproduce, sell, assign, license, market, transfer or otherwise dispose of, give, or disclose Confidential Information to third parties or use Confidential Information for any purposes whatsoever other than in the performance of the Contract. Contractor shall advise each of its employees and agents of their obligations to keep Confidential Information confidential. Contractor shall use its best efforts, which shall include at least all commercially reasonable efforts, to assist Agency in identifying and preventing any unauthorized use or disclosure of Confidential Information. Contractor agrees to comply with all reasonable requests by Agency to ensure the confidentiality and nondisclosure of Confidential Information, including but not limited to (i) obtaining nondisclosure agreements from Contractor's employees and agents who are performing Services under this Contract and providing copies of such agreements to Agency, (ii) performing or authorizing criminal background checks on each of Contractor's employees and agents who are performing services, and providing a copy of the results to Agency, and (iii) complying with Agency's access and security policies. Without limiting the generality of the foregoing, Contractor shall advise Agency immediately in the event Contractor learns or has reason to believe that any person who has had access to Confidential Information has violated or intends to violate the terms of this Contract and Contractor will, at its expense, cooperate with Agency in seeking injunctive or equitable relief in the name of Agency or Contractor against any such person. Except as directed by Agency, Contractor will not disclose, directly or indirectly, any Confidential Information to any person, and upon termination of this Contract or at Agency's request will turn over to Agency or destroy, as appropriate or as Agency directs, all documents, papers, data, records and other materials in Contractor's possession which are Confidential Information.

In addition to and without limiting the generality of the above provisions, Contractor shall not breach or permit breach of security of any Personal Information that is contained in any document, record, compilation of information or other item to which Contractor receives access, possession, custody or control under this Contract. Contractor shall not disclose, or otherwise permit access of any nature, to any unauthorized person, of any such Personal Information. Contractor shall not use, distribute or dispose of any Personal Information other than as expressly permitted by Agency, required by applicable law, or required by an order of a tribunal having competent jurisdiction. Contractor shall report to Agency, as

promptly as possible, any breach of security, use, disclosure, theft, loss, or other unauthorized access of any document, record, compilation of information or other item that contains Personal information to which Contractor receives access, possession, custody or control in the performance of this Contract.

- 7.4 Injunctive Relief.** Contractor acknowledges that breach of this section, including disclosure of any Confidential Information, or disclosure of other information that, at law or in good conscience or equity, ought to remain confidential, will give rise to irreparable injury to Agency that is inadequately compensable in damages. Accordingly, Agency may seek and obtain injunctive relief against the breach or threatened breach of the obligations of confidentiality, in addition to any other legal remedies that may be available. Contractor acknowledges and agrees that the covenants contained herein are necessary for the protection of the interests of Agency and are reasonable in scope and content.

If Contractor implements a general license fee or price reduction or makes available generally more favorable terms or conditions with respect to the Services, Contractor shall grant Agency the benefit of such new fees, prices, warranties, terms and conditions on the date the change becomes effective. Donations of software, equipment or services to charitable, nonprofit, or governmental entities, if the donations are recognized as such and are deductible under the federal Internal Revenue Code, will not be considered contracts, sales, or arrangements with other governmental units or commercial customers that trigger the application of this section.
