
New format available to all Oregon Law Enforcement Agencies who have access to Law Enforcement Data Systems (LEDS).

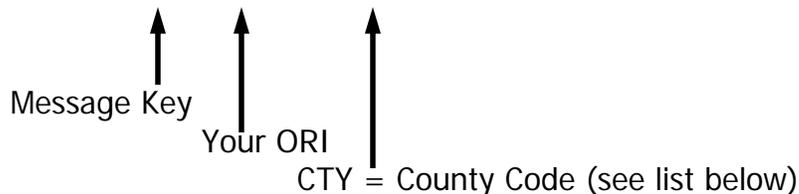

LEDS now offers a vehicle “**Hot Sheet**” capability that allows users to run a list of vehicles entered as stolen in a county during the last 10 days. The query may include up to four counties per transaction.

An example of the query format appears below:

- **Single** county check: VHS.OR0370000.CTY/01

- **Multiple** county check: VHS.OR0370000.CTY/01.02.03.04

Oregon County Codes
