Fingerprint Based Background Checks

This process is only available to Oregon-based organizations. Organizations outside of Oregon must use the [Open Records](#) service.

For an organization to be able to use this service, the organization must comply with Oregon Revised Statute 181.533. ORS 181.533 reads:

181.533 Criminal records check; qualified entities; rules. (1) As used in this section:

(a) “Authorized agency” means the Department of State Police or other governmental agency designated by the state to report, receive or disseminate criminal offender information.

(b) “Qualified entity” means a business or organization that:

(A) Provides care or placement services, or licenses or certifies others to provide care or placement services, for children, elderly persons or dependent persons;

(B) Is not governed by a state regulatory or licensing agency; and

(C) Has been determined by an authorized agency to meet the criteria established by the authorized agency by rule under subsection (9) of this section.

(c) “Subject individual” means a person who is employed or seeks to be employed by a qualified entity or who is providing services or seeks to provide services to a qualified entity on a contractual or volunteer basis.

(2) An entity may request from an authorized agency a criminal records check for purposes of evaluating the fitness of a subject individual as an employee, contractor or volunteer. The authorized agency may access state and federal criminal records under this subsection only through use of the subject individual’s fingerprints.

(3) Before an authorized agency may conduct a criminal records check under this section:

(a) The authorized agency shall determine whether the entity requesting the criminal records check is a qualified entity;

(b) The qualified entity must establish criteria to be used by the authorized agency in reviewing the criminal offender information for a final record check determination;

(c) The qualified entity must provide the criteria established under paragraph (b) of this subsection to the authorized agency; and

(d) The qualified entity must have informed the subject individual that the qualified entity might request a fingerprint-based criminal records check and that the subject individual may obtain a copy of the record check report from, or challenge the accuracy or completeness of the record check report through, the authorized agency or the Federal Bureau of Investigation.

(4)(a) Upon receipt of a subject individual’s criminal offender information, the authorized agency shall make a final record check determination by comparing the criminal offender information with the criteria provided to the authorized agency by the qualified entity under subsection (3)(c) of this section. In making the final record check determination, the authorized agency may consider only information that the Department of State Police may disclose under ORS 181.560.

(b) An authorized agency is immune from civil liability that might otherwise be incurred or imposed for making the final record check determination under this

subsection.

(5) An authorized agency may not transfer a fingerprint card used to conduct the criminal records check unless the public agency or person receiving the fingerprint card agrees to destroy or return the fingerprint card to the authorized agency.

(6) If the public agency or person returns a fingerprint card to the authorized agency, the authorized agency shall destroy the fingerprint card. The authorized agency may not keep a record of the fingerprints.

(7) The authorized agency shall permit a subject individual to inspect the individual's Oregon and Federal Bureau of Investigation criminal offender information after positive identification has been established based upon fingerprints.

(8) Challenges to the accuracy or completeness of information provided by the authorized agency, the Federal Bureau of Investigation and agencies reporting information to the authorized agency or bureau must be made through the authorized agency or bureau.

(9) The authorized agency shall adopt rules to implement this section. The rules may include but are not limited to:

(a) Criteria to be used by the authorized agency to determine whether an entity is a qualified entity; and

(b) Fees to be charged for conducting criminal records checks under this section in amounts not to exceed the actual costs of acquiring and furnishing criminal offender information. [2001 c.871 §1]

Qualifying organizations must complete, at a minimum, the Oregon Qualified Organization Fingerprint Based Application and Criminal Record Criteria Section in this packet. Once completed, these forms must be returned to Oregon State Police, Clearinghouse Unit at the address on the application.

Before a fingerprint based criminal record check can be completed, the Oregon State Police must determine whether the organization requesting the criminal record check is a qualified organization.

The qualified organization must establish criteria to be used by the Oregon State Police in reviewing the criminal offender information for a final record check determination. The qualified organization must provide the established criteria to the Oregon State Police.

Once the account and fingerprint criteria have been established, the qualified organization may then submit fingerprints of their volunteers or employees. The appropriate fee to conduct the criminal background check must accompany each request.

The Department of State Police charge \$65.50 for a volunteer and \$66.75 for an employee.

The Oregon State Police will then conduct a fingerprint based criminal record background check of both the Oregon and FBI criminal history records. The Oregon State Police will make a final record check determination by comparing any criminal offender information found within the criteria provided by the qualified organization. Any subject individual that has been denied may challenge the accuracy and completeness of their record check through the Oregon State Police Clearinghouse Unit.

Criminal Record Criteria Selection

The Oregon State Police will use your criteria as the basis to decide if the person you are checking on is qualified. The Oregon State Police's response will be in letter form and merely state, "approved" or "denied". You will not receive criminal offender information concerning the person you are checking on. The Oregon State Police will then destroy the fingerprint card.

PLEASE CHECK THE OFFENSES THAT YOU WANT TO BE USED AS A DISQUALIFIER FOR YOUR ORGANIZATION

ORGANIZATIONS MAY PUT TIME LIMITATIONS ON CHARGES.

Example: "Any Controlled Substance Conviction within the last 10 years."

Some non-profit organizations may qualify for a fee reduction.

If your organization has a non-profit 501 (c) status and meets all of the following criteria, you may want to contact the Clearinghouse Unit for further instructions.

1. The person you are conducting a background check on must be a volunteer.
2. The person you are conducting a background check on must be mentoring or tutoring a youth, dependent person, or elderly person.
3. The person you are conducting a background check on must be in the mentoring or tutoring relationship with the youth, dependent person, or elderly person typically for nine months or longer.
4. The person you are conducting background checks on must be in a ONE-to-ONE relationship with the youth, dependent person or elderly person. (The relationship cannot be in a group setting).

(A youth is a person who has not attained 18 years of age. A dependent person is a person who, because of physical or mental disability, or medical disability due to alcohol or drug dependence, needs mentoring or tutoring programs. An elderly person is a person 65 years of age or older.)
