RETAIL SALES GUIDEBOOK

INTRODUCTION

This guidebook was developed by the Office of State Fire Marshal, members of the Oregon fire service, and fireworks companies.

The purpose of this guidebook is to provide information to retail operators to assist you in being compliant with fireworks laws and rules, and to ensure your tent/stand is operated as safely as possible.

Included in this guidebook are informational pamphlets, laws and rules which will help with the proper set-up of your tent/stand. A worksheet of common inspection elements that fire departments may use as a baseline for their inspections is also included to ensure your tent/stand is set up properly before you are inspected by a fire department.

There is also a Q&A section that addresses frequently asked questions.

We encourage you to review this guidebook and contact your wholesaler or this office if you have any questions on how you should operate your tent/stand.
