Jan	22	2009	1:25	222	2.34		224.34	- 1.5	222.84	S	3 hrs.	Geordi La Forge

* Status: S = Static, R = Rising, P = Pumping, F = Flowing, D = Falling

PLEASE USE THE REVERSE SIDE TO RECORD MONTHLY WATER LEVEL COMMENTS

Water Level Comments: (Please note the date and any conditions that affected the water level measurements.)

1/22/09 - The water level was difficult to measure because of the liner. Several hang ups and need to recalibrate the water level meter as soon as possible.
