Application by Public Agency to Register Water Use for Road and Highway Maintenance, Construction and Reconstruction

Register No. RW- _____

Applicant: _____
(County, City, Town or Public Agency)

Name of Officer or Authorized Agent: _____

Address: _____

City State Zip Phone Number

_____ makes application to register the use of the following described waters for Road or Highway Maintenance or Construction.

1. Indicate the source of water for the maintenance or construction project:

_____ Groundwater, (attach copy of well log or description of the well)

_____ Surface water. If surface water, the source is _____

tributary to _____

2. Provide the permit or certificate number if water is obtained from a well or conveyance or storage facility that has a perfected or certificated water right:

Permit No. _____ or Certificate No. _____

3. Include written authorization from the owner of the right that allows use of water from the well or conveyance or storage facility.

4. Indicate the maximum amount of water to be used during the calendar year:

_____ Gallons, or _____ Acre-feet

5. Indicate the maximum amount of water to be used during any 24-hour period:

_____ Gallons, or _____ Acre-feet

(Note: The amount of water used shall not exceed 50,000 gallons from a single source during any 24-hour period.)

6. Submit a fee in the amount of \$300 with this application.

7. Provide 4 maps indicating the location(s) of the point(s) of diversion with this application. Maps may be either a county map or a Department basin map.
8. Provide a ODFW small pump screen self-certification form.
9. Signature: _____
 Title: _____ Date: _____

FOR WATER RESOURCES DEPARTMENT USE ONLY

The foregoing application and accompanying data is hereby accepted for registration of water use as described in the application.

This registration shall be in effect beginning _____.

Use can continue until the public agency voluntarily withdraws the registration or fails to file the annual renewal statement.

This registration is subject to the following terms:

- A. Water use under the registration shall not have priority over any existing water right;
- B. The use is subordinate to all future permitted or certificated water rights;
- C. Use shall not exceed 50,000 gallons from a single source during any 24-hour period;
- D. No dam, reservoir or other impoundment facility may be constructed within a designated scenic waterway; and
- E. Under no circumstances may the registrant cause the water course to be dewatered to a degree that the live continuous flow is obstructed.

The Department may require the public agency to cease withdrawal or diversion of water at any time the director has reason to believe use of water under the registration is causing a significant adverse impact on:

- A. The affected watershed; or
- B. Any existing water right; and

The registrant shall notify the watermaster for the district in which the water is to be diverted not fewer than 30 days nor more than 60 days prior to the date diversion under the registration is to be initiated. **If the proposed diversion is within or above a designated scenic waterway, the registrant shall not withdraw water under the registration until the watermaster provides written findings that the proposed withdrawal will not interfere with the free-flowing character of the scenic waterway in quantities necessary for recreation, fish and wildlife uses.**

Water Resources Director

Date

If use continues beyond one year, an annual renewal statement and fee in the amount of \$50 is required and must be submitted on or before February 1 of each calendar year. Please contact the Department for the necessary renewal statement.
