**RULE SUMMARY**

The amended rules for pharmacy interns provide greater flexibility for approved schools and colleges of pharmacy to manage their students and to provide quality experiential education for them. Rules also update requirements for pharmacist licensure requirements, foreign pharmacy graduates and change intern licenses from four-year to two-year licenses. New rules for hospital pharmacies provide regulatory structure that reflects many new technologies that are now in use in hospitals for drug management. Rules provide controls to maximize patient safety.
