**RULE SUMMARY**

Amendments in Division 025 make the Pharmacy Technician license expire the second June 30 from the date of issue, which is not to exceed more than two years.

Amendments in Division 031 make the Preceptor license a biennial license which expires on June 30 in odd numbered years. This corresponds with the Pharmacist biennial expiration date and renewal cycle.

Amendments in Division 041 establish requirements for when there is a change in Pharmacist-in-Charge (PIC) in a non-resident pharmacy. It also requires pharmacies to notify the Board of a change in PIC within 10 business days and identify a Pharmacist employed at the location to serve as the Board contact person until a PIC is designated. An Oregon licensed PIC must be employed within 90 days.

New rules and amendments in Division 060 establish new definitions in the Pharmaceutical Manufacturer rules. Amendments also incorporate outsourcing facilities as one of the Food and Drug Administration (FDA) registration types that must be registered with the Board as a Manufacturer. Third-Party Logistics Providers are directed to register as a Drug Distribution Agent.

Amendments in the Division 062 Drug Distribution Agent rules require a Third-Party Logistics Provider to register as a Drug Distribution Agent. In addition, new definitions are incorporated into these rules.

Amendments in the Division 065 Wholesaler rules direct Third-Party Logistics Providers to register as a Drug Distribution Agent. Amendments also establish new definitions, update minimum requirements for record keeping and inventory management, and update prohibited practices.

Amendments in Division 110 update the Fee rules to reflect that a Pharmacy Technician licensed issued prior to January 1, 2015 to a person under 18 years of age expires June 30 in odd numbered years. Other updates include listing the three classifications of Manufacturers and the three classifications of Wholesalers identified in Division 060 and 065.
