

EMPLOYMENT DEPARTMENT DEFINITION OF EMPLOYEE – EXCEPTIONS APPLYING UNDER CERTAIN CIRCUMSTANCES:

2016.4

**657.040 Employment; when service for pay excluded; independent contractors.**

(1) Services performed by an individual for remuneration are deemed to be employment subject to this chapter unless and until it is shown to the satisfaction of the Director of the Employment Department that the individual is an independent contractor, as that term is defined in ORS 670.600.

(2) A finding that an individual performed services for an employing unit and earned less than the minimum amount necessary to qualify for benefits under ORS 657.150 based on earnings from that employing unit may not be considered in determining whether the service is employment under subsection (1) of this section.

This statute, in turn, looks to ORS 670.600 for the definition of independent contractor. That statute provides:

**670.600 Independent contractor defined.** (1) As used in this section:

(a) "Individual" means a natural person.

(b) "Person" has the meaning given that term in ORS 174.100.

(c) "Services" means labor or services.

(2) As used in ORS chapters 316, 656, 657, 671 and 701, "independent contractor" means a person who provides services for remuneration and who, in the provision of the services:

(a) Is free from direction and control over the means and manner of providing the services, subject only to the right of the person for whom the services are provided to specify the desired results;

(b) Except as provided in subsection (4) of this section, is customarily engaged in an independently established business;

(c) Is licensed under ORS chapter 671 or 701 if the person provides services for which a license is required under ORS chapter 671 or 701; and

(d) Is responsible for obtaining other licenses or certificates necessary to provide the services.

(3) For purposes of subsection (2)(b) of this section, a person is considered to be customarily engaged in an independently established business if any three of the following requirements are met:

(a) The person maintains a business location:

(A) That is separate from the business or work location of the person for whom the services are provided; or

(B) That is in a portion of the person's residence and that portion is used primarily for the business.

(b) The person bears the risk of loss related to the business or the provision of services as shown by factors such as:

(A) The person enters into fixed-price contracts;

(B) The person is required to correct defective work;

(C) The person warrants the services provided; or

(D) The person negotiates indemnification agreements or purchases liability insurance, performance bonds or errors and omissions insurance.

(c) The person provides contracted services for two or more different persons within a 12-month period, or the person routinely engages in business advertising, solicitation or other marketing efforts reasonably calculated to obtain new contracts to provide similar services.

(d) The person makes a significant investment in the business, through means such as:

(A) Purchasing tools or equipment necessary to provide the services;

(B) Paying for the premises or facilities where the services are provided; or

(C) Paying for licenses, certificates or specialized training required to provide the services.

(e) The person has the authority to hire other persons to provide or to assist in providing the services and has the authority to fire those persons.

(4) Subsection (2)(b) of this section does not apply if the person files a Schedule F as part of an income tax return and the person provides farm labor or farm services that are reportable on Schedule C of an income tax return.

(5) For purposes of determining whether an individual provides services as an independent contractor:

(a) The creation or use of a business entity, such as a corporation or a limited liability company, by an individual for the purpose of providing services does not, by itself, establish that the individual provides services as an independent contractor.

(b) When the individual provides services through a business entity, such as a corporation or a limited liability company, the provisions in subsection (2), (3) or (4) of this section may be satisfied by the individual or the business entity.

In terms of an individual being eligible for unemployment insurance benefits, they have to be an "employee" and also:

**ORS 657.150 Amount of benefits; length of employment and wages necessary to qualify for benefits; rules.**

(2)(a) To qualify for benefits an individual must have:

(A) Worked in subject employment in the base year with total base year wages of \$1,000 or more and have total base year wages equal to or in excess of one and one-half times the wages in the highest quarter of the base year; and

(B) Have earned wages in subject employment equal to six times the individual's weekly benefit amount in employment for service performed subsequent to the beginning of a preceding benefit year if benefits were paid to the individual for any week in the preceding benefit year.

(b) If the individual does not meet the requirements of paragraph (a)(A) of this subsection, the individual may qualify for benefits if the individual has worked a minimum of 500 hours in employment subject to this chapter during the base year.

There are a number of other aspects of eligibility, but these are the ones that seem potentially relevant to this discussion.
