The screenshot shows the edTPA website homepage. The header is dark red with the edTPA logo on the left and navigation links (Home, About, Candidates, Faculty, FAQs) in the center. On the right, there are links for 'View Cart', 'My Account', and 'Contact Us', along with a search bar for FAQs. The main content area features a large image of a smiling woman with glasses. Below the image is an 'About' section with a link to learn more. To the right of the image is an 'Important Announcements' section with three entries: a reminder for submission and reporting dates (Jan 14), updated score report layouts (Oct 22), and a reminder to adhere to rules (Sep 28). At the bottom right, there is a 'Sign In Now' button for returning visitors.

edTPA™

Welcome to the ResultsAnalyzer. ResultsAnalyzer is a secure, password-protected, easy-to-use tool that allows authorized users to view, analyze, download, and print examinee registration, testing, and test results data. With ResultsAnalyzer you can generate, print, and export reports that you design. For example, you can create a test results report that shows pass rates for any test for a specific program year or group of years. You can then further filter your report to show pass rates for first-time test takers only. Results are displayed in tabular form, and in some cases in graphical formats such as bar and line graphs, for ease of interpretation. Please note that reports generated using ResultsAnalyzer are not substitutes for results reports generated by Pearson and provided to examinees, institutions, and state certification/licensing agencies.

Before using ResultsAnalyzer, you should carefully review the interpretive cautions and notes (See Interpretive Notes tab, above), which contain important information regarding the proper use and interpretation of the data contained herein and the analyses you may perform. By proceeding with ResultsAnalyzer you agree to maintain the confidentiality of the information contained herein and not to disclose the information to unauthorized persons. You agree to implement appropriate safeguards to protect against improper disclosure of information. You agree to maintain the confidentiality of examinee results and to use the information for the purpose for which it was intended as described in the interpretive cautions. By selecting "Yes" below I acknowledge that I have had adequate opportunity to review, to my satisfaction, the interpretive cautions and other terms and conditions that apply to my use of ResultsAnalyzer and I agree to abide by the conditions set forth.
